

Des Moines Area Community College  
Kaltura Classroom bug with settings – 26 May 2023

We would like both the mic and webcam to be muted by default, but the backend configuration settings appear to not be working.

Screenshot from our Kaltura Implementation Manager:

Class mode:	class_mode	virtual_class - By Default	▼
Mute all:	mute_all_mics	on	▼
Mute all cams:	mute_all_cams	on	▼

Screenshot from when I enter a Classroom:
