Selection:

(5 points)

Your culminating project will be a presentation, based off the outline provided, that will require you to research a domestic terrorist organization (DTO) or foreign terrorist organization (FTO). Each presentation will consist of a detailed profile of the chosen organization or Lone Wolf.

Selections are made on a first-come, first serve basis. **Your Selection will be due by Sunday of Week 2.** Create a thread in "Terrorist Organization: Selection" **discussion board**. The name of the organization or Lone Wolf you have chosen should be in the subject line of your post. There should be no duplicate selections. If a classmate has already selected an organization or Lone Wolf, it is no longer available. Let's also try to have an equal mix of domestic and foreign terrorist organizations. Use the DTO/FTO lists in the project folder to make your selection.

Outline:

(35 points)

An outline will be submitted for the terrorist organization/Lone Wolf you chose in the outline template provided. The outline is not a "paper" and should not be submitted in a narrative research paper format. Your outline will not be used as your final presentation. Your presentation is a separate assignment, done in a different format. However, your outline, if properly done, should make your presentation easier to complete.

Correct grammar, spelling, and punctuation is expected. Please explain your answers. Answers should be presented in complete sentences. One-word answers and answers without explanation will result in a lower grade. Answers such as "no", "yes", "none", or N/A will not be accepted. A minimum of four (4) scholarly research sources will need to be cited properly in a References list in APA format or your outline will not be graded. Websites with questionable reliability (e.g., Wikipedia, howthingswork.com, e-how.com, history.com, etc.) are not scholarly in nature and may not be used as resources.

Your Outline will be due by Sunday of Week 10. The outline must be submitted as a Word document attachment in the "Terrorist Organization: Outline" **assignment**. Under no circumstances should you copy any text from a source and present it as your own words. Please use the following table as a guide to avoid plagiarism and/or cheating:

Acceptable	Cheating
Including a brief quote from a web page with the source cited.	Copying entire pages or paragraphs and republishing it as your own.
Using graphics from a free clip art or graphic site.	Using someone else's graphics without permission.
Discussing an assignment with another student.	Copying another student's work or file.
Looking at online sources or asking for a classmate's help to figure out what to do.	Duplicating a classmate's answers as your own, without performing the research or writing activity yourself.

Presentation: (50 points)

You will create a presentation for your peers to review. It should be fact-based, interesting, and informative.

PowerPoint is the required format for the presentation (optionally with video) and it should NOT be saved on any public websites. Use the provided PowerPoint template with the same opening and closing disclaimer slides. Do not change the design of the opening and closing disclaimer slides. Feel free to adjust the design of the slides between the disclaimer slides that contain your presentation content. If you also choose to create and use your own video, you will need to read the provided disclaimer statement from the PowerPoint template at the beginning and end of the video. Any video you make for the presentation will need to be uploaded through Blackboard to Kaltura, DMACC's private video server (it should not be saved on any public websites).

The PowerPoint should not exceed 15 slides, not including the two disclaimer slides. (Death by PowerPoint is discouraged!) Include interesting graphics, images, and/or videos to support and enhance your presentation. All the topical areas from your outline *must* be included in summary form within your presentation. Your presentation must likewise include at least four (4) scholarly research sources in APA format in a References section at the end of the presentation. Presentations will be graded on content, mechanics (e.g., spelling, typos, grammar, APA format), and graphic design. Please see the grading rubric for details.

The PowerPoint presentation must be submitted in the "Terrorist Organization: Presentation" **discussion board** as an attachment, optionally including the Kaltura Mashup for your video. Type *your own name* in the subject line of your post. **Your Presentation will be due by Sunday of Week 15.**

Vote:

(5 points)

Each of you will be required to go into all of your classmates' discussion board threads and view their presentations. You will have one week to accomplish this task. I strongly encourage you to offer feedback on each of them, as I'm sure you will also appreciate feedback.

After you review each of the presentations, you will vote for the person you believe did the best job overall, based on the content and delivery of his/her presentation. **Your Vote will be due by Sunday of Week 16.** Your vote must be submitted as an entry in the "Terrorist Organization: Presentation Vote" **journal**. This vote will be confidential between you and the instructor. The student who receives the most votes will be awarded extra credit. In the event of a tie, each winning student will be awarded extra credit points.

Grading Recap:

Your project will be graded on content as well as grammar, spelling, and punctuation. A grading rubric is provided for guidance. Use APA citations when directed and include a References list at the end in proper APA format. You are required to use a minimum of four (4) scholarly research sources for the outline and presentation. If required components are missing, your project will not be graded.
